MOHIT PAPER MILLS LIMITED

ANNEXURE (J)

MANAGEMENT DISCUSSION AND ANALYSIS REPORT

The Board of Directors presents hereunder an analysis of performance of the Company for the year 2019-20 and its outlook for the future. This outlook is based on current business environment which may vary due to future economic and other developments

Industry Structure

Indian Economy is continuing to be one of the fastest growing economies in the world. Indian Paper industry also continues to be the fastest growing market globally as the economy is growing. There are much better times to come in near future.

Our paper industry always faced competition from chines paper industries. The Indian Economy is estimated to have an increased growth rate with China. The agricultural and allied sector has recovered from decline in previous years. Lot of emphasis has been given by this Government on inclusive development with greater emphasis on development of Agriculture and Education Sector. This shall boost the Paper Industry.

The industry major challenge is to manufacture better quality of paper at competitive rates. Due to the zero rate import of paper the paper industry has been suffering. So the Government should make proper policies to curb down imports or to impose duty so that there is an equivalency between the price of Indian paper and imported paper.

The competition is increasing due to the fact of the liberalization policy of the Government with respect to imports. If we have to sustain in the market we have to improve our quality and reduce our prices to be more competitive. That will have good overall effect on the market and will be a welcome move for the customers

The demand for paper is growing at an average rate of 8 percent per annum. Indian population is growing, has half of its people below 25 years of age and a large number of this young population would be studying in schools and higher educational institutions which inherently consume paper. At the same time state and central government is giving a lot of thrust on the education along with releasing huge funds to achieve targets for educated and skilled youth. So this sector has a huge demand for paper which will increase on yearly basis.

The other major factor is the phenomenal growth of economy that is today pegged at around 7-8 percent per annum, which has consequential demand increasing in paper. So due to these factors for education and economy, there is a good potential for the Indian pulp and paper industry.

Even on the environment side, paper scores high over e-media. Paper is bio degradable, whereas to manage the ewaste has become a big head-ache. Credentials of Paper are very high when compared with e-media.

Government should enable some policy framework to enable the industry with the availability of the raw material at reasonable prices and the industry should also be protected against cheap imports.

Opportunities

The potential of growth for the industry lies in development of the economy, rising literacy rates, consumerism and standard of living. All these factors are in a positive move in India at present, which gives a good picture to the scenario of paper industry.

Indian Economy is growing very fast. Its ratings in the world have improved. The world is showing keen interest in the Indian Market. So Indian Paper Industry is at an advantageous position to make the most of the opportunity offered by changing economic order.

During the Year your Company have shown improvements in their Sales volume and Profit. It is under process of installation of Cholrine Di Oxide Plant by which the quality of the paper is likely to be improved and will be able to fetch

MOHIT PAPER MILLS LIMITED

good market position with better prices.

Your Company is always in search of such opportunities and is in the process of increasing its capacity and quality improvement.

In the near future the Company is in the process of increasing its capacity.

Your company had successfully entered into manufacturing of Poster Paper in the year.

Your Company is also in the process of Commissioning Chlorine- Di-Oxide Plant which will increase the realization of paper and is also good environmentally.

Threats

The inherent threats for the paper industry are scarcity of raw-material, high fuel prices, and new challenges thrown at us in the form of increasing imports which will impose on us to look for avenues for greater efficiencies.

There are also challenges with respect to scarcity of water and energy. We have to constantly look into the technology up-gradation so that we should use the water and energy at the optimum levels.

There are threats with respect to the shortfall of the raw material as there is no adequate pulp-wood available in the country to meet the growing needs of the industry. The dependence on recycled fiber is increasing due to inadequate availability of conventional fibre.

COVID-19 Impact

The CRISIL Research said in a report that the extended lockdown to stem the COVID-19 pandemic has dealt a nasty blow to the highly fragmented paper industry in India. The demand has shrunk as schools and colleges are shutdown, while majority of offices have also crimped demand for writing and printing (W&P) paper. Industrial paper usage has also crumpled because of weakness in FMCG, consumer durables and apparel which account for 50-60 per cent of demand, it said. The demand for paper and boards is expected to contract 10-15 per cent this financial year compared to the previous year, the report said, adding all categories of products will be affected. Around 80 per cent of the nation's paper capacity of 25 million tonnes (750-800 mills) is clustered around six states that account for half of India's gross domestic product.

Outlook

Measures of improvement for the paper industry:

1. Strong R& D for improving technology & automation.

- 2. Energy and Water should be used in a judicious way.
- 3. Effluent Standards should be improved by adopting green technologies.
- 4. Social Forestry methods should be used for improving the shortages in raw-material.
- 5. Specialized training should be imparted to enhance the skills and knowledge of man-power.

Segment wise Performance

During the year the company has achieved the good level of capacity utilization with respect to the manufacture of the paper and it was done due to the expertise of the Managing Director, the technical staff and the hard-work of our labourers. This is a good example of proper utilization of the capacity with minimum resources. The company is engaged in single segment of production i.e. manufacturing of paper.

The Company has recorded downfall during the year under review the Company has turnover (Net) of Rs. (In lakhs) 13,198.63/- as against previous figure of Rs. (In lakhs) 15599.42/- decrease in sale -15.39% (approx),

During the year under review PBT (Profit Before Tax) was Rs. (In lakhs) 438.71/- as compared to previous year figure of

MOHIT PAPER MILLS LIMITED

Rs. (In lakhs) 295.06/-, posting an increase by 48.67% (approx) in PBT. Net profit and PAT (profit after tax and other comprehensive income) were Rs. (In lakhs) 319.82/- as compared to previous year figure of Rs. (In lakhs) 205.4/- reporting an increase of 55.71% (approx) in net profit as compared to previous year, Earning Per Share were Rs. 2.28/- each equity share as compared to previous year figure of Rs. 1.47/- each equity share reporting an increase of 55.10% (approx) in EPS as compared to previous year. The operating and fixed expenses are increased during the financial year resulting in lower net profits after tax and therefore, The Company's net profit could not post the corresponding increase.

Outlook

Measures of improvement for the paper industry, Strong R& D for improving technology & automation, Energy and Water should be used in a judicious way, Effluent Standards should be improved by adopting green technologies, Social Forestry methods should be used for improving the shortages in raw-material, Specialized training should be imparted to enhance the skills and knowledge of man-power.

Internal Control System and Their Adequacy

Your Company possesses a good internal control system to ensure that all the assets are safe guarded and protected against the unauthorized use or disposition and that transactions are authorized recorded and reported correctly. The Audit Committee of the Board of Directors review the internal control system and their adequacy from time to time.

Discussion of Financial Performance with respect to operational performance

The Financial Statements have been prepared in accordance with the requirements of the Companies Act, 2013 and applicable Indian Accounting Standards issued by the Institute of Chartered Accountants of India. The Management of Mohit Paper Mills Limited accepts the integrity and objectivity of these financial statements as well as the various estimates and judgments used therein. The Statement has been made on prudent basis and reflects in a true and fair manner.

Independent Auditor's Report

To The Members of Mohit Paper Mills Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of **Mohit Paper Mills Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2020, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year then ended, and notes to financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its profit (including other comprehensive income), changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

MOHIT PAPER MILLS LIMITED

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Financial Statements

The Company's management and Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and Statement of changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the company or to cease operations, or has no realistic alternative but to do so.

Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of user stake non the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statement in place and the operating effectiveness of such controls.

MOHIT PAPER MILLS LIMITED

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are in adequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

(Referred to in paragraph 2 (f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Mohit Paper Mills Ltd. of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub- section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Mohit Paper Mills Ltd. ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safe guarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures elected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

MOHIT PAPER MILLS LIMITED

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become in adequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

MOHIT PAPER MILLS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31ST MARCH, 2020

1. Corporate Information:

Mohit Paper Mills Limited (the 'Company' or 'MPML') is a public company incorporated under the provisions of the Companies Act 1956 with a CIN Number : L21093DL1992PLC116600, domiciled in India, with its registered office situated at 15A/13, Upper Ground Floor, East Patel Nagar, New Delhi – 110008, India. The equity shares are listed on the Bombay Stock Exchange ('BSE') in India. The company's business primarily consist of manufacturing Writing & Printing Paper and Tissue Paper mainly in the domestic market. Soda Ash is recovered as by-product. The manufacturing facilities are situated in Bijnor, Uttar Pradesh.

- 2. Significant accounting policies
- a. Basis of preparation of Financial Statements

(i) Statement of compliance

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) as per the Companies (Indian Accounting Standards) Rules, 2015 and (as amended) notified under Section 133 of the Companies Act, 2013 (the 'Act') and other relevant provisions of the Act.

(ii) Basis of measurement:

The financial statements have been prepared on a historical cost basis, except for certain financial instruments which are measured at fair values or amortised cost depending upon classification. Historical cost is generally based on the fair value of the consideration given in exchange of goods or services.

(iii) Functional and presentation currency

The functional currency of the Company is the Indian Rupee ('INR'). These financial statements are presented in Indian rupees. All amounts have been rounded-off to the nearest lakhs, upto two places of decimal, unless otherwise indicated.

(iv) Use of estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an on going basis. Revisions to accounting estimates are recognized prospectively.

Judgements

This note provides an overview of the areas that involved a higher degree of judgment or complexity, and items which are more likely to be materially adjusted due to estimates and assumptions turning out to be different than those originally assessed. Detailed information about each of these estimates and judgments is included in relevant notes together with information about the basis of calculation for each affected line item in the financial statements.

The areas involving critical estimates or judgment are:

- Useful life of Property, plant and equipment refer Note No. 2 b
- Valuation of Inventory refer Note No. 2 d
- Estimation of Defined benefit obligation refer Note No. 2 f
- Estimation of current tax expenses refer Note No. 2 g
- Provisions and Accruals refer Note No. 2 g
- Contingencies refer Note No. 2 g

Fair value measurement

The company has some investments which are held for long term and as per initial recognized value are

continued to be carried on cost basis. However, the Company intends to measure other financial instruments at fair value as per Ind AS 113 at each balance sheet date for investments made for trading and those held for regular sales. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability. There are no transfer between Level 1, level 2 and level 3 during the year ended 31st March 2019 and 31st March 2020.

b. Property, Plant and Equipment

Recognition and measurement

Items of property, plant and equipment are measured at cost, which includes capitalized borrowing costs, less accumulated depreciation and accumulated impairment losses, if any.

Cost of an item of property, plant and equipment comprises its purchase price, including import duties and non-refundable purchase taxes, after deducting trade discounts and rebates, any directly attributable cost of bringing the item to its working condition for its intended use and estimated costs of dismantling and removing the item and restoring the site on which it is located.

If significant parts of an item of property, plant and equipment have different useful lives, then they are accounted for as separate items (major components) of property, plant and equipment. Any gain or loss on disposal of an item of property, plant and equipment is recognized in profit or loss.

ii. Depreciation

Depreciation is calculated on carrying value recognized as per previous GAAP of items of property, plant and equipment less their estimated residual values over their estimated useful lives using the written-down method and is generally recognized in the statement of profit and loss. Freehold land is not depreciated. Depreciation method, useful lives and residual values are reviewed at each financial year-end and adjusted if appropriate. Based on technical evaluation and consequent advice, the management believes that its estimates of useful lives best represent the period over which management expects to use these assets. Depreciation has been provided on written down value method over their estimated useful lives.

Depreciation on additions (disposals) is provided on a pro-rata basis i.e. from (upto) the date on which asset is ready for use (disposed off) if any.

iii. Reclassification to investment property

When the use of a property changes from owner-occupied to investment property, the property is reclassified as investment property or vica versa at its carrying amount on the date of reclassification, if any. The company does not have any investment property as on the date of reporting.

c. Intangible assets

Intangible assets are initially measured at cost. These items of other intangible assets are subsequently measured at cost less accumulated amortization and accumulated impairment losses, if any. The company does not have intangible assets as on the date of reporting.

d. Inventories

All inventories are initially recorded at cost. Cost represents all cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost for the purpose of valuation is determined by using the weighted average cost, net of taxes and duties eligible for credit and discounts.

Raw materials, stores, consumables and spare parts

MOHIT PAPER MILLS LIMITED

Raw materials, stores, consumables and spare parts held for use in the production of finished products are not written down below cost except in cases where material prices have declined and it is estimated that the cost of the finished products will exceed their net realizable value.

Work-in-process

All work-in-process are valued at cost which includes cost of inputs, net of taxes and duties eligible for credit and overheads up to the stage of completion. Due to lockdown on account of COVID-19, entire work in process valued at Rs.43.85 Lakhs was spoilt and written off under exceptional item of Statement of Profit & Loss.

Finished goods

Finished goods are measured at lower of cost which includes cost of inputs (net of taxes and duties eligible for credits) & overheads and the net realizable value.

e. Impairment

i. Impairment of non-financial assets

The Company's non-financial assets, other than inventories and deferred tax assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated.

For impairment testing, assets that do not generate independent cash in flows are grouped together into cashgenerating units (CGUs). Each CGU represents the smallest group of assets that generates cash in flows that are largely independent of the cash inflows of other assets or CGUs.

The recoverable amount of a CGU is determined based on asset's value in use. Value in use is based on the estimated future cash flows, discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the CGU (or the asset).

To determine impairment of a corporate asset (e.g. Corporate office building for providing support to various CGUs), recoverable amount is determined for the CGUs to which the corporate asset belongs.

An impairment loss is recognized if the carrying amount of an asset or CGU exceeds its estimated recoverable amount. Impairment losses are recognized in the statement of profit and loss.

ii. Impairment of financial instruments

The Company recognizes loss allowances for expected credit losses on financial assets measured at amortized cost.

At each reporting date, the Company assesses whether financial assets carried at amortized cost are creditimpaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Evidence that a financial asset is credit-impaired includes the following observable data:

- significant financial difficulty of the borrower or issuer;
- a breach of contract such as a default;
- ∝ it is probable that the borrower will enter bankruptcy or other financial reorganization;

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash short falls (i.e. the difference between the cash flows due to the Company in

(84)

MOHIT PAPER MILLS LIMITED

accordance with the contract and the cash flows that the company expects to receive).

Presentation of allowance for expected credit losses in the balance sheet and loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets.

Write-off

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Company determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities in order to comply with the Company's procedures for recovery of amounts due.

f. Employee benefits

i. Short-term employee benefits

Short-term employee benefit obligations are measured on an undiscounted basis and are expensed as the related service is provided. A liability is recognized for the amount expected to be paid e.g. under short-term cash bonus / Ex-gratia, if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee, and the amount of obligation can be estimated reliably.

ii. Defined contribution plan

A defined contribution plan is a post-employment benefit plan under which an entity pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution plans are recognized as an employee benefit expense in profit or loss in the periods during which the related services are rendered by employees and payments due from the company.

iii. Defined benefit plan

The Company pays fixed contribution to provident fund (PF) and employee's state insurance (ESI). Contributions to these scheme's are expensed in the Statement of Profit & Loss. These contributions are made to the fund administered and managed by the Government of India. The Company has no further obligations under these plans beyond its monthly contributions.

Gratuity

Liabilities in respect of defined benefit plan in the form of Gratuity and Long-term compensated absences are determined based on projected unit credit method as at the balance sheet date and are unfunded.

- Group Gratuity cum Life Assurance Scheme with the Life Insurance Corporation of India has been taken in such a way that the gratuity benefits will be payable under an irrevocable trust. The trustees appointed for the purpose of administering the Scheme ensure gratuity benefits is with the LIC. The company shall pay on demand by and to the LIC such contributions as are required to secure Gratuity benefits to the employees.
- The employees gratuity fund scheme is managed by the Life Insurance Corporation of India is a defined benefit plan. The present value of obligation is determined based on Projected Unit Credit Method, which recognises each period of services as giving rise to additional unit if there is employee benefit entitlement and measures each unit separately to build up the final obligation in terms of the demand raised by them.
- Re-measurements of the net defined benefit liability if any, is recognized in OCI.

g. Taxes on Income

- Income tax comprises current and deferred tax. It is recognized in the statement of profit or loss except to the extent that it relates to an item recognized directly in equity or in other comprehensive income.
- i. Current tax

TWENTY EIGHT ANNUAL REPORT 2019-2020

(85)

MOHIT PAPER MILLS LIMITED

Current tax comprises the expected tax payable or receivable on the taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. The amount of current tax reflects the best estimate of the tax amount expected to be paid or received after considering the uncertainty, if any, related to income taxes. It is measured using tax rates (and tax laws) enacted or substantively enacted by the reporting date.

Current tax assets and current tax liabilities including MAT are off set only if there is a legally enforceable right to set off the recognized amounts, and it is intended to realize the asset and settle the liability on a net basis simultaneously.

ii. Deferred tax

Deferred tax is recognized in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes. Deferred tax is also recognized in respect of carried forward tax losses and tax credits.

Deferred tax assets including MAT credit are recognized to the extent that it is probable that future taxable profits will be available against which they can be used. An existence of unused tax losses is strong evidence that future taxable profit may not be available. Therefore, in case of a history of recent losses, the Company shall recognize deferred tax asset only to the extent that it has sufficient taxable temporary differences or there is convincing other evidence that sufficient taxable profit will be available against which such deferred tax asset can be realized. Deferred tax assets including MAT credits – unrecognized or recognized, are reviewed at each reporting date and are recognized / reduced to the extent that it is probable / no longer probable respectively that the related tax benefit will be realized.

Deferred tax is measured at the tax rates that are expected to apply to the period when the asset is realized or the liability is settled, based on the laws that have been enacted or substantively enacted by the reporting date. The measurement of deferred tax reflects the tax consequences that would follow from the manner in which the Group expects, at the reporting date, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are taken into account if there is a legally enforceable right to off set total deferred tax liabilities and deferred tax assets, and they relate to income taxes levied by the same tax authority on the same taxable entity, or on different tax entities if allowable, but they intend to settle deferred tax liabilities and assets and are correspondingly reflected as deferred tax assets and liabilities which will/may be realized simultaneously.

h. Foreign currency transactions

Transactions in foreign currencies are translated in to the functional currency of the Company at the exchange rates at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Exchange differences are recognized in profit or loss, except exchange differences arising from the translation of the qualifying cash flow hedges to the extent that the hedges are effective which are recognized in Other Comprehensive Income (OCI).

i. Financial instruments, Financial assets, Financial liabilities and Equity Instruments

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the relevant instrument and are initially measured at initial cost and for investments held for trading or held for sale at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities measured at fair value through profit or loss) are added to or deducted from the fair value on initial recognition of financial assets or financial liabilities if required. Purchase or sale of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date when the Company commits to purchase or sell the asset.

(86)

MOHIT PAPER MILLS LIMITED

(a) **Financial Assets** Recognition: All Financial assets include Investments, Trade Receivables, Advances, Security Deposits, Cash and Cash equivalents. Such assets are initially recognised at transaction price when the Company becomes party to contractual obligations. The transaction price includes transaction costs unless the asset is being fair valued through the Statement of Profit and Loss. Classification: Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification. Financial assets are classified as those measured at: (i) amortised cost, where the financial assets are held solely for collection of cash flows arising from payments of principal and / or interest. At cost price where the investments are to be held for long term with no immediate intention for sale and (ii) continue to be recognized at cost. (iii) fair value through other comprehensive income (FVTOCI), where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets or are held for trading or for sale. Company does not have any assets for sale. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in other comprehensive income. (iv) fair value through profit or loss (FVTPL), where the assets are managed in accordance with an approved investment strategy that triggers purchase and sale decisions based on the fair value of such assets. Company does not have any assets which are managed as investment strategy. Such assets are subsequently measured at fair value, with unrealised gains and losses arising from changes in the fair value being recognised in the Statement of Profit and Loss in the period in which they arise. Trade Receivables, Advances, Security Deposits, Cash and Cash equivalents etc. are classified for measurement at amortised cost. In respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition is made to present subsequent changes in fair value through other comprehensive income. Impairment: The Company assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortised cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognised if the credit quality of the financial asset has deteriorated significantly since initial recognition. **Reclassification:** When and only when the business model is changed, the Company shall reclassify all affected financial assets prospectively from the reclassification date as subsequently measured at amortised cost, fair value

MOHIT PAPER MILLS LIMITED

through other comprehensive income, fair value through profit or loss without restating the previously recognised gains, losses or interest and in terms of the reclassification principles laid down in the Ind AS relating to Financial Instruments.

De-recognition:

Financial assets are derecognised when the right to receive cash flows from the assets has expired, or has been transferred, and the Company has transferred substantially all of the risks and rewards of ownership. Concomitantly, if the asset is one that is measured at:

(a) amortised cost, the gain or loss is recognised in the Statement of Profit and Loss;

(b) fair value through other comprehensive income, the cumulative fair value adjustments previously taken to reserves are reclassified to the Statement of Profit and Loss unless the asset represents an equity investment which is taken at initial cost and continues to be so taken and for other investments in which case the cumulative fair value adjustments previously taken to reserves is reclassified within equity.

Income Recognition:

Interest income is recognised in the Statement of Profit and Loss using the effective interest method.

(b) Financial Liabilities

Borrowings, trade payables and other financial liabilities are initially recognised at the value of the respective contractual obligations. They are subsequently measured at amortised cost. Any discount or premium on redemption/ settlement is recognised in the Statement of Profit and Loss as finance cost over the life of the liability using the effective interest method and adjusted to the liability figure disclosed in the Balance Sheet. Financial liabilities are derecognised when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled and on expiry.

Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously.

Equity Instruments

Equity instruments are recognised at the value of the proceeds, net of direct costs of the capital issue.

j. Revenue

Revenue is measured at the fair value of the consideration received or receivable after netting trade discounts, taxes volume discounts and sales returns. Revenue from sale of goods is recognized when significant risks and rewards have been transferred to buyer.

Liquidated damages and penalties recovered from suppliers / contractors, in relation to property, plant and equipment are credited to statement of profit and loss unless the delay has resulted in extra cost of assets, in which case the same are adjusted towards the carrying cost of the respective asset.

Disclosure under Ind AS 115

General:

The entire revenue from operations for the year ended 31st March 2020 and 31st March 2019 are related to revenue from sale of goods manufactured by the Company.

Information about contract balances

TWENTY EIGHT ANNUAL REPORT 2019-2020

(88)

MOHIT PAPER MILLS LIMITED

The Company classifies the right to consideration as trade receivables.

Trade receivables are amounts billed to the customer, when control on goods sold are effectively passed on to the customers. Trade receivables is net of allowances for doubtful debts (if any) in the Balance Sheet after reflecting the doubtful debts.

Application of Ind AS 115, "Revenue from contract with customers" did not have any impact on the contracts for sale of goods manufactured by the Company during the year ended 31st March 2020.

k. Recognition of interest income or expense

Interest income or expense is recognized using the effective interest method.

The 'effective interest rate' is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial instrument to:

- i. the gross carrying amount of the financial asset; or
- ii. the amortized cost of the financial liability.

In calculating interest income and expense, the effective interest rate is applied to the gross carrying amount of the asset (when the asset is not credit-impaired) or to the amortized cost of the liability. However, for financial assets that have become credit-impaired subsequent to initial recognition, interest income is calculated by applying the effective interest rate to the amortized cost of the financial asset. If the asset is no longer credit-impaired, then the calculation of interest income reverts to the gross basis.

I. Other Income

Other income is recognised when no significant uncertainty as to its determination or realisation exists.

m. Borrowing cost

Borrowing costs are interest and other costs incurred in connection with the borrowing of fund. Borrowing costs directly attributable to acquisition or construction of an asset which necessarily take a substantial period of time to get ready for their intended use are capitalized as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

n. Cash flow statements

Cash flow statements are prepared under Indirect Method where by profit or loss is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments, and items of income or expense associated with investing or financing cash flows. Cash and cash equivalents comprise of cash on hand, current and other accounts (including fixed deposits) held with banks with maturity of 3 months or less from the date of acquisition.

o. Events occurring after the balance sheet date

Assets and liabilities are adjusted for events occurring after the reporting period that provides additional evidence to assist the estimation of amounts relating to conditions existing at the end of the reporting period and where it is considered to have a significant long term impact.

p. Operating segments

An operating segment is a component of the Company that engages in business activities from which it may earn revenues and incur expenses, including revenues and expenses that relate to transactions with any of the Company's other components, and for which discrete financial information is available. All operating segments' operating results are reviewed regularly by the Company's Chief Operating Decision Maker (CODM) to make decisions about resources to be allocated to the segments and assess their performance. The Company is primarily engaged in the business of manufacture and sales of paper, mainly in the domestic

MOHIT PAPER MILLS LIMITED

market.

The Board of directors of the Company, who have been identified as being the chief operating decision maker (CODM), evaluated the company's performance and allocated resources based on the analysis of various performance indicators of the Company as a single unit. Accordingly, there is no reportable segment or any entity wide disclosure which are applicable to the company.

q. Provisions, Contingent Liabilities and Contingent Assets

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Contingent Liabilities

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Disputes, liabilities and claims against the company including claims raised by fiscal authorities (e.g. Sales Tax, Income Tax, Excise, GST etc.) pending in appeal / court for which no reliable estimates can be made and or involves uncertainty of the outcome of the amount of the obligation or which are remotely poised for crystallization are not provided for in accounts but disclosed in notes to accounts.

ContingentAssets

Contingent assets are not recognised in the financial statements. However, contingent assets are assessed continually and if it is virtually certain that an inflow of economic benefits will arise, the asset and related income are recognised in the period in which the change occurs.

r. Ind AS 116 - Leases

The Company does not have any finance leases. There are no instances in which the company is a lessor. Hence there is no impact on adoption of Ind AS 116.

II. Fair value hierarchy

There are no investments which are required to be recognized on fair value, hence no information is being provided for the same.

In case of Investments are held for active trading or which are to be recognized based on levels of hierarchy they shall be recognized on the following basis.

Level 1: Quoted prices in the active market. This level of hierarchy includes financial assets that are measured by reference to quoted prices in the active market. This category consists of debt based open ended mutual funds.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, traded bonds, overthe counter derivatives) is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2. The company does not have any investments which are categorized as Level 2.

Level 3: Valuation techniques with unobservable inputs. This level of hierarchy includes items measured using inputs that are not based on observable market data (unobservable inputs). Fair value determined in whole or in part,

using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor based on available market data. This is the case for investment in unlisted equity securities.

Note:

- a. There are no such transfers between Level 1, Level 2 and Level 3 during the year.
- b. The fair value of financial assets and liabilities approximate their carrying amount measured under Level 3 hierarchy.

The fair value of the financial assets are determined at the amount that would be received to sell an asset in an orderly transaction between market participants. The following methods and assumptions were used to estimate the fair values:

III. Financial risk management

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's primary risk management focus is to minimize potential adverse effects of market risk on its financial performance. The Company's risk management assessment and policies and processes are established to identify and analyze the risks faced by the Company, to set appropriate risk limits and controls, and to monitor such risks and compliance with the same. Risk assessment and management policies and processes are reviewed regularly to reflect changes in market conditions and the Company's activities. The Board of Directors and the Audit Committee is responsible for overseeing the Company's risk assessment and management policies and processes.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk in the financial statements: -

Risk	Exposure arising from	Measurement	Management
Credit risk	Cash and cash equivalents, trade receivables and financial assets measured at amortised cost	Aging analysis	Diversification of bank deposits and credit limits
Liquidity risk	Business commitment and other liabilities	Credit rating	Availability of committed credit lines and borrowing facilities

a. Concentration of significant credit risk

There is no concentration of customer risk so far transactions with non-related parties are concerned.

b. Interest rate risk

The Company's main interest rate risk arises from long-term borrowings with variable rates, which expose the Company to cash flow interest rate risk. Any rise in market rate of interest effecting valuation of financial instruments, financial assets and financial liabilities have been regularly analysed for mitigational measure.

Exposure to interest rate risk

The interest rate profile of the company's interest-bearing financial instruments as reported to the management is as follows :

		(Kin Lakh			
Particulars	Nominal Amoun				
	31st March, 2020	31st March, 2019			
Financial Assets/Liabilities	Santar Sant	±0			
Variable-rate instruments					
Long term borrowings	1036.47	1149.74			
Short Term Borrowings	2226.76	2219.50

Variable-rate instruments	12.27	(12.27)
31st March 2019	à ê	
Variable-rate instruments	14.96	(14.96)

Fair value sensitivity analysis for fixed-rate instruments

The Company does not have any fixed-rate financial assets or financial liabilities at fair value through profit or loss. Therefore, a change in interest rates at the reporting date would not affect profit or loss.

i) Risk management framework

The Company's board of directors has overall responsibility for the establishment and oversight of the company's risk management framework. The Company's risk management policies are established to identify and analyze the risks faced by the company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the company's activities.

The Company's audit committee oversees how management monitors compliance with the company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the company. The audit committee is assisted in its over sight role by internal audit. Internal audit undertakes both regular and adhoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

ii) Credit Risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to

MOHIT PAPER MILLS LIMITED

meet its contractual obligations, and arises principally from the company's receivables from customers and loans. The carrying amounts of financial assets represent the maximum credit risk exposure.

iii) Trade receivables and loans

The company's exposure to credit risk is influenced mainly by the individual characteristics of each customer. However, management also considers the factors that may influence the credit risk of its customer base.

The company has established a credit policy under which each new customer is analyzed individually for creditworthiness before the company's standard payment and delivery terms and conditions are offered. Sale limits are established for each customer and reviewed quarterly. Any sales exceeding those limits require approval from the management of the company.

The company limits its exposure to credit risk from trade receivables by establishing a maximum payment period of 90 days for customers. More than 85% of the company's customers have been transacting with the company for over five years, and none of these customers' balances are credit-impaired at the reporting date.

iv) Cash and cash equivalents

The company holds cash and cash equivalents of Rs. 41.73 lakhs at 31 March 2020 (31 March 2019 : Rs.188.36 lakhs). The cash and cash equivalents are held with bank and cash on hand.

v) Liquidity Risk

Liquidity risk is the risk that the company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the company's reputation. The company uses process costing to cost its products, which assists it in monitoring cash flow requirements and optimizing its cash return on investments.

vi) Market Risk

Market risk is the risk that changes in market prices – such as foreign exchange rates and interest rates – will affect the company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing there turn.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2020

vii) Currency Risk

The company is exposed to transactional foreign currency risk to the extent that there is a mismatch between the currencies in which sales, purchases, receivables and borrowings are denominated and functional currency. The functional currency of the Company is INR. The currencies in which these transactions are primarily denominated are US dollars.

The Company Forex risk management policy is to hedge currency exchange fluctuation and mitigate currency volatility and risks and to avoid uncertainties in cash flows. Forward contracts to hedge currency risk relating to foreign currency transactions of firm commitments and probable forecast transactions are generally designated as cash flow hedge. All other forward contracts are designated as fair value hedge for the purpose of accounting.

C. The Company is engaged in manufacturing writing & printing paper and tissue paper. Plant and offices of the Company were closed from 22nd March 2020 on account of imposition of curfew followed by nationwide lockdown due to COVID-19 pandemic outbreak. The impact of COVID-19 is visible on the non recoverability of stock of work-in-process as on 31.03.2020 valued at Rs. 43.85 lakhs which was spolit and written off under exceptional item. Refer note no. 22. The Company has since obtained required permissions and restarted its manufacturing operations from 07 May 2020 with partial capacity and the same is being ramped up. The Company has established several measures, procedures & safety instructions for restarting its operations and for maintaining the high standard of safety & hygiene for the employees. The Company had made a strong connect with all employees during and post lockdown, strengthening morale and consciousness towards health.

However, although the impact of the assessment of COVID-19 is a continuing process, we feel there would be no other major impact of COVID on the financials hence no further provision is being made for the same. However given the uncertainties associated with its nature and duration the same can not be taken for granted on long term basis. The Company will continue to monitor any material changes to future economic conditions.
